Stop paying  
twice as much  
for the same  
product.

### Reinsurance Expertise

We handle all functions involved in managing a successful reinsurance program and manage over 120 million dollars in dealer owned trust accounts.

### 100% In-House Administration

From product design, to claims administration and reinsurance expertise, everything is done under one roof. ForeSight runs as "lean" as possible in order to increase dealer profit.

### Long-Term Wealth Building

All of our dealer clients from stand alone dealers to our 35 dealership groups recognize that by removing the middleman, their bottom line increases significantly, without selling a single additional vehicle.

"We cede more into your trust account than any other administrator in the industry."

- Gary Vucekovich, President  
www.foresightservicesgroup.com

## Why FSG?

Lets be honest, the products offered to consumers are very similar throughout the automotive industry. This is why we ask, why pay twice as much for the same program? In 2016, ForeSight was able to save our dealer clients \$4,680,000 in administration fees on VSC'S alone. Call us today for a no strings attached comparative analysis.
